Dear Supporter,

**Holland Park School
Conservation Area Consent Application &
Letters of Objection to Government Office for London (GoL)**

Many thanks to all of you who have written letters of objection to GoL and to the Government Office for the West Midlands regarding the Conservation Area Consent.

As some of you will have now heard, unfortunately, the Secretary of State has decided not to intervene in either of these matters.

This is very disappointing for CHRA and the hundreds of members and supporters who have written letter after letter, objecting to RBKC's plans for HPS and who have supported our 'Alternative Vision' for the school; cheaper, more sustainable and far less damaging to the Conservation Area.

I would like to thank you all for your support for our campaign – your many words of encouragement have been most appreciated. Meanwhile, CHRA are now considering what options remain and we will be in touch to let you know our plans.

In the meantime, if you are a 'blogger' or would like to leave your comments regarding the Mayor reneging on his promises, **particularly the one not to sell off school playing fields**, please visit/click on;
